EDUCATION

- Indira Gandhi Engineering College Sagar, (M.P.) India
Bachelor of Technology in Information Technology : CGPA: 6.7/10 Mar. 2019 - Mar. 2023
- Govt. Higher Secondary Lidhora Lidhora, Tikamgarh, (M.P.) India
Higher Secondary in PCM : Percentage : 75.8% 2018 - 2019

EXPERIENCE

- GeeksForGeeks Tikamgarh, (M.P.) India
Technical Content Writer Intern Jan. 2021 - May. 2021
 - **Objective:** Writing high quality documentation and easy to understandable articles, about many topics like **Linux, Virtualization, Python, NodeJs, MongoDB.**
- Internshala Student Partner (ISP 19) Tikamgarh, (M.P.) India
Internshala Campus Ambassador Program Sep. 2020 - Nov. 2020
 - **Objective:** Information and knowledge providing about the internship program, and **motivate students** for learning new things.

PROJECTS

- **LocalProfiler - The local digital identity:** In this project, I have resolved the issue of **instant digital profile**. This web application creates a digital profile according to the details provided. In this I have used **NodeJs, ExpressJs, MongoDB** and **PugJs**.
- **Local Quiz:** The local quiz is an initiative for students who want to learn **computer technology in Hindi**. In this, we have shared quiz pdf and other study material in Hindi. In this, we have created teacher section and student section. It is a complete dynamic web application with **NodeJs** and **ExpressJs**.
- **SolverJS:** With web application all the time we have to face many problems in implementing some arguments. To simplify them, I have created the **NPM package** which provides a lot of logistics. All this I did from **Vanilla Js** without using any other package.

SKILLS

- **Programming Languages :** C, C++, Java, Python, JavaScript, R
- **Web Development :** HTML5, CSS3, JavaScript, ReactJs, PugJs
- **Frameworks and Database :** NodeJs, ExpressJs, MongoDB
- **Other :** Data Structures & Algorithms, TypeScript, GraphQL, Android, Linux, AWS, Git, Github, Jenkins, Ansible, Chef, Docker, Maven, Nagios

ACHIEVEMENTS AND RESPONSIBILITIES

- : GeeksforGeeks **Rank - 1** in Indira Gandhi Engineering College
- : I'm created approx **200 Live Open Source API endpoints.**
- : I'm created approx **10 Live Web Application** with complex business logic.
- : I have implemented the **data structure in 5 programming languages**
